

ASK TWO MILLION FOR A MEMORIAL

Great Building Planned as
Monument to George
Washington.

PUBLIC IS INVITED
TO HELP PROJECT

American Women Take Leading
Part in Patriotic
Enterprise.

A \$2,000,000 building dedicated "to the increase and diffusion of knowledge" in Washington, with an endowment fund for its maintenance, is the monument planned by the George Washington Memorial Association, in which American women are the leading spirits. Although the association was incorporated in this city in 1888, the movement had made little progress until within a few weeks, when a reorganization occurred. Since then greater progress probably has been made than in the decade preceding.

From a memorial enterprise with the boundaries of Washington practically limiting its scope, it has become a national project, in which every man, woman, and child is invited to become a factor. In fact, the energies of the association are being devoted to impressing upon the American public the fact that the building is to be a monument of all of the American people to the first President.

Dollar Contributions.
Dollar contributions to the fund are solicited from the public at large. A tangible evidence of the part that the man, woman or child who contributes is taking in the movement is a handsome engraved certificate or receipt setting forth that he or she is a contributor to the fund and a part owner of the memorial building.

Men prominent in scientific, literary, and art activities are giving their hearty support to the undertaking. Organizations in these fields, as well as national patriotic societies, to which quarters in the building will be assigned without rent charges, are taking a foremost part in the work of raising the funds.

Realizing that the wish of the first President to promote education has been largely accomplished through colleges and universities already established, the memorial association has avoided effort to establish a national university, and the building when erected will be dedicated "to the increase and diffusion of knowledge in all lines of human activity that will conduce to the advancement of the welfare of mankind."

Association's Officers.
Branches of the association are to be established in the various States. The officers of the national organization are Mrs. Henry F. Dimock, president; Mrs. Charles D. Walcott, Mrs. Henry R. Mallory, Mrs. Charles J. Bell, Miss Beattie J. Kibbey, and Mrs. Frederick McGuire, vice president; Mrs. Elsie C. Good, Mrs. Frederick K. Thompson, and Mrs. Archibald Hopkins, trustees; Mrs. Suzanne P. Gage, recording secretary; Mrs. Francis M. Scott, corresponding secretary; Mrs. Frank Northrop, treasurer; Charles J. Bell, trustee of permanent fund.

The advisory council is made up of Senator Elihu Root, Ira Remsen, H. Fairfield Osborn, Charles J. Gable, Horace Porter, Charles J. Danby, and Dr. Charles D. Walcott.

LOCAL MENTION.

You Will Like It.
Everybody likes Berens' Bakery Rye Bread. A better loaf was never baked. Its delicious eating qualities appeal to one's appetite, and it is easily digested by even the weakest stomach. Try a loaf of Berens' Bakery Rye Bread, and you cannot go wrong on the bread question in the future.

SINGS BEFORE OLD FRIENDS

MRS. SAMUEL LAWSON BURTON.
Will Leave Capital Where She Has Been Welcomed Warmly.

SINGER TO LEAVE THE CAPITAL SOON

Mrs. Samuel Lawson Burton
Will Return to Home in
New York.

Washington music lovers have had a warm welcome for Mrs. Samuel Lawson Burton, who has been conspicuously identified with post-Easter musical affairs.

Mrs. Burton was formerly Mrs. Kittie Thompson Berry. Her marriage to Dr. Samuel Lawson Burton, of Oswego county, N. Y., took place several years ago.

Mrs. Burton has been visiting here since the inauguration, and her old friends have been delighted to hear her in concert. She sang with the Saengerbund recently, and was enthusiastically welcomed back. Later she appeared with the United German Singers, and she has been in great demand for church concert work.

Mrs. Burton is one of the best-known singers in Washington and has ever sent to the concert stage. She is now the guest of Mrs. Clarence N. Rheem, of 1215 S street, where she will remain during the present week, and then return to her home in Laconia, Oswego county, N. Y.

**MISS KING MAY BECOME
DEAN OF RADCLIFFE
COLLEGE.**

BOSTON, May 9.—The probable successor to Dean Irwin, of Radcliffe College, is at present rumored to be Miss Lida Shaw King, dean of the Women's College at Brown University.

Miss King, who is one of the youngest and most popular college professors of her sex in the country, refuses to either affirm or deny the rumor, but admits that she has rejected three other offers from women's colleges in New England because of "an offer which I have still under consideration and concerning which I am under a pledge to keep my silence."

SACRIFICE PREVENTED.
"You refuse me because I have a title," said the count bitterly, "but I will relinquish it. I will become a plain citizen."

"How noble of you," responded the American heiress, "I will relinquish my fortune, and then—Why he's gone!"—Philadelphia Ledger.

NOVEL SUGGESTION WINS FIRST PRIZE

Miss E. V. Allen Given Premier Award in Household Hint Contest.

MANY GOOD IDEAS
TO SELECT FROM

Those Received Too Late Will Be Entered in Next Week's Competition.

Miss E. V. Allen, of 226 Seventh street southeast, is the winner of the first prize of \$5 in the Household Hint Contest for last week. The second prize of \$3 was awarded by the judges to Mrs. James H. Pumphrey, of 322 Raleigh street, Congress Heights, D. C., and the third prize of \$2 to Mrs. M. Alice Mills, of 930 O street northwest.

The work of the judges in selecting the winners was a repetition of the story of previous weeks, excepting that the number of entries was larger, and, if anything, the merit of the various suggestions was greater. The result was that nearly a day was consumed canvassing and passing upon the suggestions received.

Striking Similarities.
Many suggestions other than those awarded prizes met with commendation, but owing to the similarity to others received, it was not possible to decide upon any one of them for an award.

One reader suggested, for instance, heating cloths for hot applications on a plate over the gas jet; another submitted the same idea, but said "baking pan" instead of "pie plate." The judges concluded that under the circumstances it would be unfair to one to select the other for a prize. This was the case in many instances.

However, the awards have been made, and there is no doubt they will meet with the general approval of the women readers who have been taking part in the Household Hint Contest. Further suggestions are invited for the next contest, which is now on. The conditions are the same, and the same number of prizes will be awarded.

Following are some of the suggestions which the judges felt were entitled to honorable mention:

CLEANING.

Cleaning Oil Cloth.
A dingy oil cloth may be brightened by washing it with clear water with a little borax dissolved in it. Wipe it with a flannel cloth that you have dipped into milk and then wring as dry as possible.

MRS. MULLEN,
1509 Vermont avenue.

Clean Bed Covers.
Take half of old sheet, baste across end of cover, keeping half on right and half on wrong side. When soiled it can easily be taken off and a clean piece basted on.

MRS. E. M. KING,
26 D street northeast.

To Remove Stains.
Coffee stains, even when cream is in coffee, can be removed by rubbing the stains with pure glycerine. Rinse in lukewarm water, and press on the wrong side with a warm iron. The most delicate silk or woolen fabric is not injured by this process, and the glycerine removes both the grease and the stain.

MRS. H. HOLMES,
429 Eighth street northwest.

For Fruit Stains.
Apply spirits of turpentine to the stains before the article is sent to wash. This will not fail except in the case of peach stains, which should be simply washed out in cool water and a little good soap.

MRS. W. S. McDONALD,
1135 Park place northeast.

Cleaning Bed.
A little good sewing machine oil on a soft rag will clean and polish a brass bed.

HER AGE.
A woman may be as old as she looks, but it is seldom possible to get her to admit it.—Chicago Record-Herald.

Best Three Household Hints By Washington Housewives

First Prize—\$5.
Keeping Neck Locks in Place.
Thread a darning needle with a single hair from the combings and weave it back and forth a few times through the back hair. One can then go out in the wind-lashed weather without fear of looking untidy by the scolding locks coming down.

E. V. ALLEN,
226 Seventh street southeast.

Second Prize—\$3.
Soft, Sweet Pillows.
Don't place your pillows in the sun. The sun absorbs the oil, leaving the feathers stiff and hard. By beating them good and placing them in a window where the air can freely penetrate them, you will find your pillows sweet, fresh, and soft.

MRS. JAS. H. PUMPHREY,
322 Raleigh street,
Congress Heights, D. C.

Third Prize—\$2.
To Exterminate Moths.

A shovel is heated red-hot and set in an old tin pan, then carried to a closet and vinegar poured upon it. The fumes will penetrate into every crack and crevice with disastrous effect to the moths. If trunks and drawers are subjected to an emptying of contents and thoroughly freshened out, then fumigated with burned vinegar, it will be found that the moths will be soon exterminated.

MRS. M. ALICE MILLS,
930 O street northwest.

The Classic Webster PIANO

The case-work of this instrument impresses at once, while the tone-quality and durability find it without a peer.

We'd like to show you the WEBSTER. The price is the factory price—the terms the easiest.
